1. An unloading unit (Entladekommando) has been stationed in Golzow (V09) since 1 August 1948. The men live in freight cars specially equipped for such operations. Similar units are said to be located at most railroad stations on the Berlin-Küstrin railroad line.
2. One such unloading crew based in Rehfelde (V15) unloaded a thirty-car freight train from the east which arrived in Herrensee, 5 - 6 kilometers south of Strausberg (V15), on 2 August. The cargo consisted of sixty 76.2 mm guns (type 42), which were distributed throughout the area.
3. On 4 August, sixty mobile field kitchens attached to trucks, plus twenty closed trucks, were delivered by rail to Rehfelde. All this equipment was new and devoid of markings.
4. On 5 August, two freight trains were unloaded in Golzow. The combined load consisted of 142 guns (122 mm, type FK 31), three boxes of ammunition for each gun, and a number of trucks (total trucks not given). On 6 August, eight officers and approximately 100 EM from Berlin arrived in Golzow.
